

Arcadeblaster Terms and Conditions

Ordering information

Orders have to be placed via the website's online order form, and our terms and conditions have to be accepted when ordering.

Once an order has been placed, we will confirm receipt of the order and forward a pro-forma invoice for payment.

If you require any info regarding ordering, contact Gerrie on 021-5527635 (o/h)

Ordering and delivery time:

All units are built to order and shipped within 14-21 days of payment, unless any of the individual components of the machine is out of stock or on back order. Average lead time is about 2 weeks.

Should any of the ordered individual components of a machine be on back order, the lead time of 21 days for delivery could be affected and extended.

After an order has been placed, full payment is required before production on the order will commence.

Production starts one day after payment has been confirmed.

Cancellation of orders:

A cancellation fee of 20% of the total amount paid, will be charged on orders canceled within 7 days from date of payment.

Orders canceled after 7 days from date of payment will carry a 60% cancellation fee to cover costs accumulated on the production of the ordered machine.

Shipping

Shipping can be arranged by us via Time Freight Express couriers ,or the buyer can arrange their own shipping.

The packed machine shipping details are: 172cm x 79cm x 60cm80kg

Arcadeblaster is not liable for any damage that may occur during shipping.

Machines are shipped nationwide at the buyer's own risk.

Warranty, Returns and repairs

- Arcadeblaster is not liable to cover any shipping costs applicable in the event of machines or parts of machines required to be shipped to or from the client for purposes of repairs or returns.

- All machine electronic components carry a three month limited suppliers warranty, from date of goods received.

This warranty is issued by the suppliers of the specific electronic components in the arcade cabinets sold by Arcadeblaster. Once the three month warranty period has expired, the customer will be liable for any repair costs on these electronic components.
